

With over 23 years of experience in the educational sector, **STUDY ABROAD NETWORK** (SAN) is dedicated to helping students achieve their academic goals while exploring the world. We strive to make study abroad accessible and affordable to all students, while also providing an opportunity to learn about Indian culture. SAN collaborates with renowned universities and academic institutions worldwide, offering a diverse range of study abroad programs. Whether it's a short-term program or a full academic year program, students can choose the program that best suits their academic and personal aspirations. At SAN, we prioritize both academic excellence and personal enrichment. By participating in our study abroad programs, students can gain valuable skills and experiences that will prepare them for success in today's globalized world.

CYBER SECURITY | TRAVEL & TOURISM HOSPITAL MANAGEMENT | AVIATION | B.Com with CA

Our institute is accepting admissions for three degree courses that can lead to a successful career in medicine or dentistry. We understand how important it is for parents to support their child's dreams and aspirations, which is why we're committed to providing the resources and support needed for their success

Bachelor of Medicine and Bachelor of Surgery (MBBS)

5.5 year undergraduate program that offers a comprehensive education in medicine and surgery. Students learn about the human body, its functions, and how to diagnose and treat illnesses.

Doctor of Medicine (MD)

focused on internal medicine, covering diagnosis, treatment, and prevention of various diseases. It takes around 3 years to complete and prepares students for a medical practice career.

Master of Dental Surgery (MDS)

Over the course of three years, students will learn about various aspects of dentistry, including oral and maxillofacial surgery, periodontology, and prosthodontics.

Doctor of Surgery (MS)

focused on surgery, including the diagnosis, treatment, and management of various surgical conditions. It takes around 3 years to complete and prepares students for a surgical practice career.

Our institute offers top-notch coaching courses for the NEET exam, which is a highly competitive medical entrance exam conducted at the national level in India. The NEET exam tests the knowledge and aptitude of students in the subjects of Physics, Chemistry, and Biology and is the primary gateway to gaining admission to medical and dental colleges in India. Our coaching courses provide comprehensive study material, mock tests, and personalized attention to ensure that students are fully prepared and confident to ace the NEET exam and pursue a career in medicine or dentistry. Scoring well in the NEET exam can secure a seat in some of the best medical and dental colleges in India, making thorough preparation essential.In addition to coaching, we also provide academic resources, career guidance, internships, and networking opportunities to help your child excel in their studies and achieve their goals. Enroll your child in our coaching courses today and provide them with the opportunity to excel in their medical or dental career with a reliable support system.
